

# KEEP GROWING!

How have you grown? Share one area where you have grown or matured in the spiritual life.

Where do you see yourself in this parable right now?  
Newly planted, starting to sprout, or bearing fruit?

How might God be asking you cooperate with Him to grow? What keeps coming up?

This week, would it be more beneficial to:

- Journal and thank God for the areas of growth and victory you've experienced?
- Go to confession and receive mercy for your sins and grace to overcome your weaknesses?
