

WHEN YOU'RE TEMPTED TO CRITICIZE A PRIEST

When you're feeling foggy and heavy, what helps you to snap out of it - prayer practice or otherwise?

What associations do you have with authority, for better or for worse? When have you experienced the security of authority in the Church and with Christ?

Which of the two requests from Jesus in In Sinu Jesu will you take and integrate: ask priests to give you their blessing, or do not criticize priests

Would you consider joining a Seven Sisters team? Ask Jesus if there is a priest who needs your prayers and then invite six friends to share in the ministry.
