

GOD IS EVERYTHING

When prayer is quiet or different, does God feel very close or does it make you think He's distant?

God is attracted to our weakness.
How have you experienced this to be true
in your own life?

What does this knowledge of God's constant
presence and support mean for you in
your current circumstances?

God surrounds us, is within us and sustains us.
Which of these resonates with you most?
Tell Jesus about it.
