

NEED A WORD?

Have you ever been encouraged or directed by God's Word? Tell us about that experience.

The Word of God heals.
What do you need healing for?

Do you have an anchoring verse for your life?
Your year? Your season? If not, how do you
think adopting a Scripture for this season
could benefit you?

How will you develop or deepen your devotion to
Jesus in the Word? Perhaps you could read a book
of the Bible, ask a friend to hold you accountable,
read the daily Mass readings in your
BIS daily devotional everyday?
