

## PATHS (DISCIPLESHIP)

Can you relate to the feeling of isolation or loneliness when suffering? Share your experience with a friend.

Who has been an encouragement to you in a time of difficulty? What did they do or say and what did it mean to you?

You can trust Jesus' leadership in your life. In what area or situation would you like to apply that truth? How might it look?

In order to see more of Jesus even in trials and sufferings, which one will you practice today: submit to His leadership in your season, celebrate your healing journey, or share your testimony?
